

## **WHAT ARE THEY SPRAYING IN THE SKY?**

Look up at the sky everyday and you will soon notice that planes are daily spraying the sky leaving white trails that at first might look like the exhaust trails left by jets.

**NOTHING COULD BE FURTHER FROM THE TRUTH.** These **TOXIC CHEMTRAILS** linger and expand out across the skies creating a hazy, milky look. On some days you can see several planes spraying, sometimes crisscrossing paths creating a Chemtrail grid pattern in the sky.

**CHEMTRAILS** contain BIOLOGICAL AGENTS, ALUMINUM and BARIUM. EACH is known to be poisonous to humans, plants, and animals and they are being deliberately sprayed into the environment around the world. Several Scientists have linked recent plant & animal deaths to aluminum, barium and heavy metals poisoning. Our drinking water is being contaminated; our soil is being contaminated leading to bad food crops. Our air is being contaminated. Trees are dying worldwide and fruit bearing trees are not producing good fruit in many parts of the world. Wildlife is dying in large numbers for unknown reasons. Food producing farmland is being sprayed. Over time, the toxic spray will have a devastating effect on the food supply chain as it changes the PH levels needed to produce good food crops.

The known medical side affects of Aluminum and Barium are:

Liver disease & Meningitis

Increased breathing disorders (including Pneumonia & Bronchitis)

Significant increase in asthma especially among children

Alzheimer's disease (known to be caused by overexposure to aluminum)

Increased infertility

TOXIC chemicals are showing up in Pregnant Women

Many other deteriorating health problems are attributed to this chemical spraying

This spraying is also known as Geo-engineering and can also **drastically** change weather patterns across the globe such as we've been witnessing in recent years. Spraying the public is legal under U.S. Public Law 105-85. This law allows chemical & biological agents to be sprayed on civilian populations, even if they are harmful. Many are fighting to repeal this law and your elected officials need to hear from you.

Who is behind this spraying and Why are they doing it? Get informed and then "YOU DECIDE". Go to <http://globalskywatch.com> for more information. Google "What in the world are they spraying"? Here you can watch the trailers or the full video documentary to show to family and friends. GET INFORMED.

LOOK UP AT THE SKIES. DON'T TAKE MY WORD FOR IT. THE EVIDENCE IS THERE. WHAT'S HAPPENING IS NOT NORMAL AND CANNOT BE DENIED and the explanations given to us are **"NOT TRUE"**.

It's happening right before our eyes and it is a matter of LIFE & DEATH – Yours and your family. Children & Seniors are especially vulnerable.

CALL the White House switchboard (202 224-3121) and ask for your Senators & Congressman by name. Tell them to "REPEAL" U.S. Public Law 105-85 and put an end to Chemtrail spraying in YOUR state. **Many of them already know about Chemtrails but need to hear from YOU.** Especially call the Governor of "your" state.

**You Can do Something:** 1) Become informed, 2) Contact your elected officials, 3) Spread the word about Chemtrails.
